The Tóth Tanya located in the heart of the Hungarian Plain. In a quiet environment, offers the opportunity for rest and relaxation.

Wonderful environment

There are two separate buildings, reminiscent of the atmosphere of the early 20th century and of peasant life in this period, yet perfectly matching the demands and needs of comfort for people of our modern age. In one of the buildings you can still find the old oven having survived adventurous times. The quality of both buildings is such as to serve the comfortable and undisturbed relaxation of our guests. The kitchens and the connected living rooms also reflect this double approach, the one-time utensils are now cherished and unique articles for decoration in the house.
